

Hi everyone! Welcome to Kendall Primary School. This school is an amazing and wonderful school and we all strive for a bright and wonderful future. This is a Kendall family; everyone takes part in it. So, I we will tell you what we do in our school. Some days people do Forest School. It's our beautiful woodland. We've got two separate areas: the lower and the higher woodland. The lower woodland has fun activities like a mud kitchen and swings and gardens. I think this is lovely. In the higher woodland people do a 10 minute sit spot and listen to the birds singing. Anyway, there are three or four climbing ropes to go on like the Pirate Challenge and the Cargo Net. We also have a Forest School club, which also leads me to our other clubs: drama club, football club, film club and lots more. We also have three playgrounds so the big one is for KS2 and one little one is EYFS and a medium one is for KS1, so Year 1 and Year 2.

I hope this helps you if you want to join Kendall.

Bye!

Charlie Year 5
